

**Contact Information for Cornerstone Apartments
Chanute, KS Residents**

Utilities

Electricity you will need to place electrical service into your name. The effective date will be your lease beginning date. In Chanute you must visit the City Utility Office, 101 S. Lincoln, Chanute, KS, 66720 - 620/431-5200. The Utility Office's hours are Monday through Friday - 8:00 a.m. to 4:30 p.m. They will charge a fee of \$10.23 and require completion of paperwork. It is recommended that you bring a copy of your lease with you to verify your new address with them.

Water (paid by property)

Gas (there is no gas at the property)

The city office location above will handle all disconnects of your former utilities but you must visit in person.

Cable/Internet

Cable One

Phone: 1-888-204-9365

620-431-2440 or 620-421-2510

Website: www.cableone.net

When you call Cable One: our experience is that you may need to dial the # several times because the automated operator frequently disconnects you. You will be greeted eventually by an automated system who will ask for your account number or enter * for a new account. If you are not disconnected at this point you will then be prompted to enter;

- 1 for bundled cable, phone and internet,
- 2 for cable only,
- 3 for telephone,
- 4 for internet

Hold time is generally 7 to 10 minutes. You will then get a non local sales person who will be unable to find your building address & apartment number because it is new and not yet in the system. Be persistent and they will eventually set up an installation for your new address. If you request a local number and contact they will give you 620-421-2510 however this number only rings back to the sales office. The sales reps are generally friendly but appear to be unaware of the fact that you have spent up to a half hour trying to reach them.

You will need to schedule the hookup during office hours and you must be present when the installer arrives, remaining available until the installation is complete.

Satellite dishes are not allowed on the balcony, patio, and lawns or mounted to the buildings.
